Mules have been enumerated separately from donkeys since 1899-1900.

GENERAL NOTES

In some provinces the figures include, and in others exclude, animals in towns, cities, and cantonments. The Government of India decided in 1896 that live-stock in cities and cantonments should be included wherever it is possible to secure their enumeration, and that oxen and buffaloes not old enough for work or to produce young should be treated as “young stock.”

The figures in some cases are greatly lacking in accuracy.

The following diagram shows the proportions of the different classes of live-stock.

G.—TOTAL LIVE-STOCK SHOWING PROPORTION OF—1, BOVINE; 2, OVINE; AND 3, OTHERS, IN CYCLES OF FIVE YEARS ENDING 1905-06 AND 1910-11 AND IN SINGLE YEAR 1911-12.

PROVINCIAL NOTES

- Burma* Annual returns of agricultural stock are prepared by village headmen, revenue surveyors and *-taikthuggis*, the enumeration taking place from end of February to middle of March in each year. The figures include all animals in towns and also those employed in each district by Government departments, such as transport, military, police, and by municipalities.
- Assam* The statistics are based on a cattle census taken every five years. The census is, however, not taken simultaneously in the different districts. In the Assam Valley districts (excluding the permanently-settled tracts of Goalpara) and in Sylhet (Jaintia parganas only) the last census was taken in 1910. In Cachar it was taken in 1912, and in the Garo Hills (plains portion only) in 1909. No statistics are available for the permanently settled tracts in Goalpara, for tracts other than Jaintia parganas in Sylhet, and for the hill tracts.
- Bengal* Statistics of live-stock are collected only in tracts where surveys are being made or a record-of-rights prepared. The figures are not collected each year, but for each tract when the tract is under survey. For the districts of the Presidency and Burdwan Divisions and Darjeeling, however, complete estimates of the number of live-stock in each district were made from 1908-09 to 1910-11. In the present table (No. 4-D) these estimated figures for the districts of the Presidency and Burdwan Divisions and Darjeeling have been shown, together with the figures, collected at the time of survey, for the three districts of Backerganj, Chittagong, and Faridpur, of which the whole area has been cadastrally surveyed.
- Bihar and Orissa* Statistics of live-stock are collected only in tracts where surveys are being made or a record of rights prepared. The figures, however, are not collected each year, but for each tract when the tract is under survey. From 1908-09 complete estimates of the number of live-stock in each district have been made and included in the table.
- United Provinces* The table is prepared quinquennially on a census in each district taken every five years. The last census was taken in 1903-09 in all the districts, except Almora and Garhwal, under the

supervision of the supervisor kanungoes and such members of the district and tahsil staff as could be spared. For Almora and Garhwal the figures collected in the previous census of 1898-99 were retained.

---

The table is prepared quinquennially, and the figures were last collected in 1908-09.

*Ajmer-Merwara*

---

An annual census is taken on the 15th March.

*Manpur*

---

A census for the whole province is taken every fifth year in the first week of February. The last census was taken in 1909. *Punjab*

All cattle in cantonments and municipalities as also those belonging to Government are included.

---

A census for the whole province is taken every fifth year in the first week of February. The last census was taken in 1909. All cattle belonging to Government are included. *N.W. Frontier*

---

The figures are collected once in five years. The last quinquennial census was taken in 1909-10. *Bombay*

All animals belonging to a family are entered against the name of the head of the family even though the animals are temporarily absent from the village. Animals belonging to other villages are excluded, and those belonging to a roving grazier who has no permanent residence are noted, but are not included in the village resources. The figures are regularly tested by circle inspectors (kanungoes).

Stock statistics for the city of Bombay were collected for the first time in 1909-10.

---

The figures are collected once in five years as in Bombay. The last quinquennial census was taken in 1909-10. *Sind*

---

The figures are collected annually, between the 1st January and the 15th March, by the *Central* patwaris for each village of the areas in their charge. The total figure is recorded in the tahsil by the kanungo in a village register. The patwari takes into account all animals, including those temporarily sent elsewhere (e.g., for grazing), which belong to residents of the village, and excludes animals which are temporarily in the village for grazing or other purposes, but do not belong to residents. Stock in cities, large towns, and cantonments has been included from 1896-97 and that in forest villages from 1907-08. *Provinces*

---

A census is made annually by the village officers.

All cattle belonging to one owner are entered against his name, even though the animals are temporarily absent from the village. When an owner cultivates land in more than one village, the actual number in each particular village on the night of enumeration is entered in the statement for that village. Cattle belonging to other villages, but temporarily in the village for grazing, are not entered in the statement for that village. *Berar*

---

A census is taken every five years in Government (raiyatwari) villages. The last quinquennial census was taken in 1909-10. In inam villages, there is no suitable agency for the work, and Collectors obtain information for these villages as best they can; it is not known to what extent any census is made in them. Previous to 1903-10, no information was available regarding live-stock in permanently settled (zamindari) estates and in towns and cantonments which did not form part of any revenue village; but from that year estimates for all these tracts have been prepared and included. *Madras*

---

The table is prepared quinquennially on a census taken every five years.

The last census was taken in March 1910 by the circle shanbogs, and the particulars entered in a register maintained under Rule 73 of the Rules framed under the Coorg Land and Revenue Regulation, 1899. *Coorg*

Animals in municipal towns are included.

Figures are given for the eleven districts of the Presidency and Bardwan divisions and for Darjeeling, for which estimates were made for certain years stated above, and also for the three districts of Backerganj, Faridpur, and Chittagong of which the whole area has been cadastrally surveyed and the information was collected gradually during survey operations extending over several years. These 15 districts have a population of 23,341,376 being 52 per cent of the provincial total, and contain 45 per cent of the cropped area of Bengal. TABLE No. 5—LAND REVENUE

This table is intended to indicate the relation between area, population, and land revenue, or, in other words, to exhibit the mean burden of the State assessment on the land assessed to it and on the community at large. It was prescribed in 1884, and revised in 1893. Similar information previous to 1884 is contained in Tables I D, I E—2, and I E—6, appended to the General Administration Reports.

The two main classes of tenure, (1) raiyatwari and (2) zamindari and village communities, specified in 1884, were not exhaustive, and the provincial administrations were allowed to make additions in accordance with local requirements. The table now states all tenures under one or other of the three heads, namely, (1) raiyatwari, (2) zamindari and village communities (temporarily settled), and (3) zamindari (permanently settled).

The present form differs from that prescribed in 1884 in the following respects :—

## GENERAL NOTES

In July 1893 the following rules were prescribed for filling in this table :—

*Entry 1 in general table No. 5 (pages 290—295), column 2 in provincial tables Nos. 5 (A to O) (pages 302—330)*

The varieties of tenure entered should be included, as far as possible, under one or other of the following heads, namely, (1) raiyatwari, (2) zamindari and village communities (temporarily settled), and (3) zamindari (permanently settled)

*Entry 2 (a) in general table (pages 290—295), column 3 (a) in provincial tables (pages 302—330)*

Areas held revenue-free or at privileged rates should be deducted, but the deduction need not be made where such areas are in any case less than an entire village, and where there is any difficulty in estimating the corresponding deduction to be made in the population head 10 (column 11). In Madras, Bombay, and Berar all land on which a full assessment has not been leviable during the year (for instance, assessed unoccupied land) should be classed for the purposes of this column as “area not fully assessed.” Areas should not be entered in this column merely because the assessment due from them has been suspended or remitted on account of short crops, or for other special reasons.

*Entry 3 in general table (pages 290—295), column 4 in provincial tables (pages 302—332)*

This column should be subdivided into (a) total fully assessed area for which returns are available, and (b) area cultivated out of the area given in head (a). The latter head should be equal to the former after deducting current fallows and fully assessed waste, and should be either equal to or less than the net cropped area as shown in column 6 of table No. 2.

*Entry 4 in general table (pages 290—295), column 5 in provincial tables (pages 302—330)*

Where the land revenue includes the zamindar's share, the net demand should be entered, and the table should state the payments due by the zamindars to Government, not those due by raiyats to the zamindars. The actual realisable demand for the year should be entered, after excluding arrears for past years. Sums remitted on account of unoccupied lands, short crops, etc., should be excluded. In 1904 it was decided by the Government of India that this column should include all the heads classed as “Land Revenue” in the Civil Accounts.

*Entry 7 in general table (pages 296—301), column 8 in provincial tables (pages 303—331)*

As in entry 4 (column 5), but only ordinary land revenue on fully assessed areas is to be entered.

*Entry 8 in general table (pages 296—301), column 9 in provincial tables (pages 303—331)*

To be entry 7 (column 8), divided by entry 3 (a) [column 4 (a)].

*Entry 9 in general table (pages 296—301), column 10 in provincial tables (pages 303—331)*

To be entry 7 (column 8), divided by entry 3 (b) [column 4 (b)].

Areas under forest are included in entry 1 (column 2), under the prevailing tenure of the province.

The population in entry 5 (column 6) is that of the last general census.

TABLE No. 6—TRANSFERS OF LAND

This table is intended to exhibit the number of voluntary and compulsory transfers of ownership of land or tenant-right, and the area so transferred. Voluntary transfers mean transfers made by actual contract or gift, transfers by inheritance not being taken into account; compulsory transfers mean transfers effected through the medium of a court, civil or revenue. Transfers of land under the Land Acquisition Act are outside the scope of the table.

The table now in use was prescribed in 1891; it differs from the tables formerly in use in the following respects :—

## GENERAL NOTES

It is optional with local Governments to enter or omit transfers of lands held by tenants.

Instructions were issued in 1891 to the authorities of the Punjab and the Central Provinces to the effect that the entries under "by order of court" should state not merely the transfers occasioned by debt, but all forms of transfer effected through the medium of a court.

In August 1896 the following rules were prescribed :—

- (1) Changes of entry due to succession, partitions, or simple mortgages, are not really transfers, and should be excluded from the table, as also should redemptions of mortgage;
- (2) All temporary transfers such as leases should also be excluded, but mortgage with possession should be treated as a transfer and entered in the table;
- (3) All transfers made by order of a court should also be included in the table;
- (4) The word "court" in the entry "by order of court" should be held to include a revenue court.

## PROVINCIAL NOTES

*Burma.*

Transfers of property in land are not as yet regularly registered in Upper Burma; the information is collected by revenue officers. The statement includes cases in which land has been permanently transferred by gift, sale, or other transaction, for valuable consideration. The term "court" includes a revenue office as well as a civil court.

*Assam.*

Since 1896-97 transfers by order of a revenue court have been included; and transfers by inheritance and non-permanent transfers, such as leases or usufructuary mortgages, which were formerly included in the table, have been excluded. The information is collected from the mutation registers of Revenue Officers supplemented by statistics obtained from the district registers and the Judge's Courts.

Columns 12 to 21 (page 337) exclude the areas transferred in the Sylhet and Goalpara districts, the information not being available.

No information is available for the districts of the Rajshahi, Dacca, and Chittagong Divi- *Bengal*  
sions. Certain figures were collected from 1908-09 to 1910-11 for the districts of the  
Presidency and Burdwan Divisions and the district of Darjeeling (shown in table No. 6—D)  
but as they were very incomplete, the table has been discontinued from 1911-12.

The table has been prepared since 1908-09. It is however still incomplete as the *Bihar and*  
transfers shown under the head "By order of court" relate to transfers under orders of *Orissa*  
revenue officers only. Figures for transfers under orders of civil courts are not yet available.

Transfers by inheritance or non-permanent transfers, such as leases or usufructuary mort- *United*  
gages for short periods, are excluded, but mortgages with possession are included, as also all *Provinces*  
transfers made under order of a court.

Transfers of *malikana* rights, that is, rights to receive a portion of the profits of an estate,  
not amounting to proprietary rights, which were formerly included in the table, have been  
excluded since 1905-06.

Statistics of transfers of tenant-right are not given. Transfers by gift have been included <sup>c</sup>  
since 1896-97.

The figures exclude all changes due to successions, partitions, simple mortgages, redemp- *Ajmer-Merwara*  
tions of mortgages, and temporary transfers, such as leases; but mortgages with possession  
are included. The column "by order of court" includes transfers occasioned by debt  
incurred by judgment-debtors, as also all other transfers effected by order of courts, civil and  
revenue.

Transfers of property in land are not permitted in Manipur, except by sale and that *Manipur*  
only under special conditions.

From 1895-96 the table includes only transfers by mortgage and sale.

*Punjab*

Transfers by mortgage and sale only are included.

*N.-W. Frontier*

The table has been prepared since 1901-02.

*Bombay and  
Sind*

Transfers of tenant-right have been included since 1892-93. The figures against *Central*  
"proprietors" are filled up from returns compiled on the basis of mutation proceedings. *Provinces*  
Those against "tenants" are based on statements furnished by patwaris in which all transfers  
are entered, including transfers by mortgage with possession as well as transfers by sale  
but excluding transfers by inheritance. The statement does not include leases or mortgages  
without possession.

The information is obtained from the Registration Department.

*Berar*

The table includes all transfers effected by sale of fields under decree of a court (including  
a revenue court) either in execution of the decree or for recovery of arrears of land revenue.  
Private sales or recognised divisions of fields necessitating a change in the name of the  
registered occupant are entered under "by private contract or gift," as also are mortgages with  
possession. Transfers due to succession, by inheritance, simple mortgages, and leases are  
omitted.

Only permanent transfers, as by sale or gift, are included, when the parties concerned *Madras*  
apply for and obtain transfers of revenue registry. These are entered under "private contract or  
gift." Cases in which lands are sold for arrears of revenue due to Government are also included  
if the lands are purchased by private parties, but excluded if the lands are purchased by Gov-  
ernment.

Transfers of tenant-right are not entered, the information not being available.

The entry under the head "revenue-paying" includes raiyatwari holdings paying full  
assessment, and permanently-settled estates paying *peshkash*; and the entry under the head  
"wholly or partially revenue-free" relates to minor ináms and whole inám villages.

The statement includes all legal transfers of property (a) by voluntary action of the owners *Coorg*  
and (b) by virtue of decrees of civil and orders of revenue courts.

Transfers ordered by courts in cases of disputed succession, and those occasioned by debt  
incurred by the judgment-debtors, are included under the heading "by order of court."  
This heading also includes transfers ordered by civil courts from registered holders to decree-  
holders, of lands sold by civil courts in satisfaction of decrees, and of holdings sold by the  
revenue authorities for arrears of revenue.
